

Scale With Confidence. Operate With Clarity.

Your startup is built to move fast. Calvetti Ferguson provides the financial discipline, clarity, and partnership you need to scale smarter—without slowing momentum.

At Calvetti Ferguson, we see accounting as a foundation for disciplined growth and value creation. Our team goes beyond basic bookkeeping, delivering clean, reliable financials and real-time clarity into your cash position and operations. This foundation empowers founders and executives to make confident decisions, earn investor trust, and scale strategically at every stage of growth.

Transparent pricing designed to support your startup's growth:

Managing day-to-day transactions, accounts payable, and monthly reconciliations so founders can focus on growth.

Cash Flow Visibility

Providing real-time visibility into your cash flow to make confident operational and funding decisions.

Financial Reporting & Insights

Delivering clean, investor-ready financial statements and dashboards to support fundraising and board reporting.

Technology & Automation

Implementing and managing an optimized accounting technology stack to streamline operations and reduce manual work.

Partner-Level Support

Access to experienced professionals, including on-call partner support, to guide strategic decisions as you scale.

Scalable Solutions

Flexible subscription-based packages that grow with your business—from seed stage through Series A and beyond.

Rooted in Your Ecosystem

We don't just work with startups; we are active participants in the communities that help them thrive. By partnering with organizations such as Venture Dallas, Houston Angel Network, LaunchTN, BrainTrust, and the Greater Nashville Private Capital Association, we remain at the forefront of the challenges founders face. We attend these events year-round to ensure our accounting strategies align with what investors are looking for and what your business needs to move to the next level.
